509.943.3735

**SPEAKER: Dr. Charles Revis, Executive Minister**

8:30 AM Registration ♦ Event starts at 9:00 AM ♦ Concludes at Noon ♦ Cost: Free

This gathering of Central WA Mission Northwest churches will focus on:

Learning ♦ Connecting ♦ Encouraging

Mission Northwest encourages local gatherings of churches for learning and mutual encouragement. In former years this was done through areas. Prior to the areas local associations of ABC churches gathered for worship, mutual encouragement, learning, prayer and church planting efforts. This Saturday gathering will be conducted in the spirit of those earlier associational gatherings. Meeting together for learning and mutual encouragement is a biblical practice and reflects the mission we pursue together of “Resourcing and Developing Churches that Reach the Northwest for Jesus Christ”.

Dr. Revis will provide an extended two-part seminar focusing on church leadership. The title is ***“A Baker’s Dozen: 12 Leadership Insights for Church Leaders.”*** Pastors, church leaders, ministry team leaders and any church member who desires to grow in their leadership skills will benefit from the material. There will be time for participants to meet new friends from sister churches and connect with friends from former years.

Some of the topics Dr. Revis will address include:

- Who is a leader?
- What does God required of church leaders?
- The spiritual life of the leader.
- What makes church leadership different than leadership in business?
- Leadership responsibilities that are often over looked.
- Skills church leaders need to develop.
- Leadership and the church board.
- Leaders and change.
- Leaders and conflict-resolution.
- Healthy leaders and their relationship to healthy churches.
